

BEADFEST PHILADELPHIA SPRING

INSPIRATION PLAYGROUND

3D BRACELET JIG WITH BEADALON

1

Cut a length of wire about 3" long. Grasp the end of the wire with the tip of the Round Nose Pliers, and begin turning a loop.

2

Continue winding the wire around the tip of the Round Nose Pliers so the loops are the same size. Make two full revolutions.

3

Hold the loops with the Round Nose Pliers and bend the remaining wire up at a 90 degree angle

4

Bend the straight end of the wire back through the loops that you just made.

5

Hold the wire with the Nylon Jaw Pliers right above the loop.

6

Grasp the end of the wire with the Bent Chain Nose Pliers.

7

Keep a tight grip on the wire with the Nylon Jaw Pliers, and pull upward on the wire with the Bent Chain Nose Pliers. This will tighten the knot that will form the bottom of the Head Pin.

8

The knot will look like this.
